To Whom It May Concern,

This letter is to express my interest in your posting for an experience Software Developer. With a Master degree in Mathematics and Physics, and hands-on experience using frontend technologies and languages to create and implement software applications, I am confident I will be a valuable asset to your organization.

I worked in Cinnamon Agency, Worcon doo and WND AG company last 3.5 years as Software developer.

Currently living in Zermatt, Valais, Switzerland.

I am being challenged and thrilled working with other people like a "*team player*". Continuing to learn new stuff and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- React.js
- Vue.js
- Javascript/ Typescript
- Vuex/ Redux/ Pinia
- Html/Css/ Scss/ Bootstrap/ Tailwind/ Material UI
- Git/Github/ Gitlab
- Basics of backend development
- Scrum, …

I've attached a copy of my resume that details my projects and experience in software development. I can be reached anytime via my cell phone, +41 76 576 7068 or via email at rasperger01@gmail.com.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,

Mihael Rasperger
